

We are a modern and internationally oriented patent law firm with offices in Munich, Berlin, Bamberg and Valley/Holzkirchen. Our highly qualified team attends to all the intellectual property matters of our national and international clients.

## We are looking for

suitable candidates for an

### Apprenticeship to become a Trained IP Paralegal (m/f/d)

to strengthen our team in the long term.

#### Our Promise

A qualified dual training program awaits you. You will learn the theory both at vocational school and in the office. After three years, you will be 'fit' for the examination before the Chamber of Patent Attorneys. If you have the appropriate qualifications (e.g. German Abitur or equivalent qualification), the training period can be reduced to two years.

You will learn the practical side of the job by helping to register and maintain industrial property rights, and by monitoring deadlines and time limits.

#### Your Profile

You like to work conscientiously and precisely? Are you independent, flexible and like to have your finger on the pulse? Then you have come to the right place because you will be confronted daily with new inventions and developments in science and technology.

Your very good knowledge of German and English is a basic requirement for communication with clients, inventors, patent offices and correspondence lawyers.

You are characterised by a quick perception, organisational strength and ability to work under pressure. Excellent teamwork and social skills round off your profile.
